Business Areas

Service

Business Area Service offers service and maintenance solutions for all industrial crane brands, for port equipment and machine tools. Konecranes has 485 service locations across 43 countries.

Products

Inspections, preventive maintenance programs, repairs and improvements, on-call services, spare parts, modernizations, special services such as operational services and consultation.

Market position

Clear market leader in crane service with the world's most extensive crane service network.

Service contract base

More than 370,000 units are under maintenance contract, of which approximately 25 percent are manufactured by Konecranes

Equipment

Business Area Equipment offers pre-designed components, cranes and material handling solutions for a wide range of industries, including process industries, nuclear industry, industries handling heavy loads, ports, intermodal terminals, shipyards, and bulk material terminals. Products are marketed through a multi-brand portfolio that includes the Konecranes corporate brand and the StahlCraneSystems, SWF, Verlinde and R&M brands. Konecranes branded products are sold directly to end users, while products under the power brands are sold to distributors.

Products

Industrial cranes, including standard duty cranes, heavy duty cranes and workstation lifting systems such as load manipulators; components including wire rope hoists, crane kits, electric chain hoists, manual hoists and accessories; nuclear cranes; port cranes and lift trucks.

Market position

The world's largest supplier of industrial cranes. Worldwide leader in explosion-protected crane technology. Global leader in EOT cranes for process industries and shipyard gantry cranes. Global supplier of cranes and lift trucks for container handling and heavy unitized cargo and bulk material unloading.

Annual production

Tens of thousands of cranes, wire rope hoists and electric chain hoists, and several hundred heavy-duty cranes, hoisting trolleys and heavy-duty lift trucks.
